

Exciting times at the Headley Voluntary Care AGM

Normally, annual general meetings are pretty dull affairs with a few dutiful people turning up to hear boring speeches from members of the Board of Directors.

But this is not true of Headley Voluntary Care ; not the case at all.

The AGM of HVC is full of excitement, thrills and adventure, and all speeches are short and to the point. If you come to the meeting.....and to persuade you to do so is why we are writing this missive.... you will hear from our esteemed Chairman that we are going strong and are respected by the community, from our Treasurer that we are financially sound, from our publicity officer that everyone knows who we are and how to contact us, and from other members of the committee that all is well.

But we still want you to come along to the meeting because we hate talking to ourselves, and it is more impressive to say that the Church Centre was packed to the rafters.

This time, however, our AGM will be even more interesting because we are to hear a talk by **nurse Alison Sutton, head of the Community Care Team** which operates through our Chase hospital in Bordon. She will tell us how they care for and treat elderly and long term sick patients in their own homes so that a stay in hospital is not necessary. Of course, most prefer to stay home where they feel safe and secure, and where access from relatives and neighbours is possible. We much appreciate the work that Alison's team do for the community, and are sure that you will find her talk interesting and informative.

And if that isn't enough, there will be wine for you to drink, and titbits for you to savour!

Do come along and support us ; we would much appreciate it. And there's nothing on the telly anyway! Please put the date in your diaries now !

The Date

Thursday 14 March : 8.00pm : Church Centre, Headley
